W. L. Jackson Passes Away

W. L. Jackson, aged 75 years, died early Sunday morning at the home of his daughter, Mrs. Asa Barnett, at Spout Spring, after a short illness from cramps. Burial took place in the beautiful cemetery at the Christian Church on Hardwick's Creek Monday.

Mr. Jackson is survived by a wife, a Miss McKinney before marriage, and two children, I. G. Jackson, of Danville, and Mrs. Asa Barnett, of Spout Spring. One daughter, Mrs. Charlie Ruppard, preceded her father in death nearly one year ago.

Owing to illness in his own family Mr. I. G. Jackson, of Danville, could not attend the burial.

The many friends of the bereaved family extend great sympathy to them in the trying hour of death.

Powell Men to the Front

Judge John H. Hardwick and Fred R. Blackburn, two Powell county men, are heading the Winchester Supply Company capitalized at \$75,000.00 and incorporated for the purpose of conducting a wholesale business in Winchester. They have leased the Perry building in that city and will be ready for business in a very short time. Mr. Blackburn will be stationed in the store.

Will Leave Monday

At Carter Reynolds' sale near this city last Thursday articles sold well and brought fair prices. At John Rose's sale on Beech Fork Saturday all things sold well. These gentlemen, with their families, will leave Monday for their new home at Carlisle, Ohio. While we regret to see these good people leave us, we have nothing but best wishes for their success in their future home.

Pushing Extension Work

Supt. of Schools Dudley Caudell and County Agent H. H. Harrison were in the lower portion of the county last week pushing the Agricultural Extension Work. They gave stereopticon views to the West Bend school on Friday. The Times indorses all of their good work "and more too." We need more of their kind in the county.

Mrs. Wright Dies in Ohio

Mrs. Almilda Wright, wife of James Wright, died at Middletown, Ohio, Sunday of consumption. Burial at Middletown. Besides her husband, Mrs. Wright is survived by eight children, among them being the Rev. S. V. Larison, of this city. Before her first marriage to the Rev. M. V. Larison she was a Miss Sparks.

Thinking Of California

In a letter to his good friend, J. R. Stone, Elder Paul Derthick, former Times correspondent from Stanton, writes from his home at Berea, conveys the information that he will probably locate in southern California, where a brother has charge of a large ranch and fruit farm.

Tobacco Market Paralyzed

The price of tobacco on the market has slumped from 10 cents to 50 cents on the pound. There is much speculation as to the cause, but it is generally conceded that the drop in price is caused by an agreement of the buyers to curtail the price in order to yield the buyers more profit. The lower prices any way are having a very depressing effect upon the tobacco growers. Many of them are said to be bulking their crop down to let it lie in wait for the fall market. The present prices, in many instances, it is said, will not yield enough to raise another crop. It would therefore be folly to sell a crop for less than what it would cost to grow another.

Census Takers Through

Geo. W. Conlee, census enumerator for Clay City, and Robert Conlee, the enumerator for Hardwick's Creek and Virden precincts, have each completed their tasks and made their reports. They seem to have made a thorough and diligent search of all the territory and by their efforts we feel sure that we are correctly and fully reported to Uncle Sam.

C. L. S. Circle

The Chautauqua, Literary and Scientific Circle will hold its weekly meeting at the home of Mrs. W. C. Martin, Monday, February 23, at seven P. M. The closing chapters of "A Mexican Journey" will be discussed. Also a few introductory thoughts on "America Among the Nations" will be considered. Every one interested in good reading will be welcome.

Dentist For Clay City

Dr. James T. Nickell, Dentist, late of Dry Ridge, Ky., has located at Clay City for the practice of the profession and invites the patronage of the public. Dr. Nickell comes highly recommended as a good dentist and our people should give him a good support. He will arrange dates for Stanton and Torrent to be announced from time to time.

Mrs. Garrett Flu Victim

Mrs. Garrett, wife of Sheriff Will Garrett, died at her home at Stanton Sunday of the flu, and her husband and little child are also in a very bad condition with the same trouble. Her mother, Mrs. Feulkner, is down with the flu at this home too. Mr. Garrett has the sympathy of a wide circle of friends in his sad loss.

T. G. White Improving

The many friends of Mr. T. G. White will be glad to learn that he is recovering from a severe attack of flu and stomach trouble. For a time his condition seemed very critical.

New Wall Paper Samples

J. R. Stone, the paint and paper hanger man, has his new sample books and will be pleased to show you the finest wall paper made, and to take your order for same.

Fiscal Court Meets

Will Issue Road Bonds

The Fiscal Court met at Stanton Friday and decided to issue \$25,000 in road bonds to put up for Federal aid. This means \$100,000 in roads on the trunk line through the county. The Court will also sell \$4,000 more which will wind up all of the \$40,000 issue. This money will be put on the other roads of the county, which will include the completion of the road to the Clark county line under State aid only. Eleven thousand of the forty thousand bond issue voted four years ago have been paid off by the Fiscal court under Judge Daniel.

Bridge Being Repaired

The bridge across the old mill race at the bank is being repaired by the town authorities. This bridge had dropped considerably and was most ready to collapse. It had become very dangerous, and the work on it has begun none too soon. This race should be filled as it would cost nothing for repair then and would be cheaper to fill than rebuild, and this will soon have to be done.

Bringing in Fords

Joe Mountz, the Ford agent, went to Cincinnati last week, together with Eugene Freeman, and returned with two new Fords, which he promptly sold to Carter Reynolds and Joel Mountz. Fords are as hard to get as they are easily disposed of, even at all times of the year. See Mr. Mountz's new Ford ad. in this issue.

Aged Lady Dies

Mrs. Sallie Hendricks, widow of the late Roll Hendricks, of this city, died last week at the home of Mrs. Sam Billings at Furnace Burial Friday at the Kennon graveyard on Hardwick's Creek. Mrs. Hendricks was past eighty years old, and was, before marriage, a Miss Harrison.

Will Move to Winchester

J. H. O'Rear has purchased from L. K. Fields and W. B. McHargue what is known as the J. D. Simpson property in Winchester, Ky., and will move there to reside about March 1st. We regret to lose Mr. O'Rear and his splendid family from our midst.

Will Have Sale

Asa Center and Morton Tolson will have a public sale of personal property two miles north of Stanton on Morris Creek next Wednesday. These gentlemen will locate in Middletown, Ohio, where Mr. W. T. Center, father of Asa, now resides.

A Clean Slate

Beattyville boasts of not having a single delinquent town tax payer. This is more than Clay City can say now, but by the time our collector gets through selling property for delinquent and back taxes, the old town will look like a cyclone had hit it.

Sunday is Washington's birthday, a day of the week not suited for the use of hatchets.

Personal Paragraphs

Miss Carrie Goosy returned Tuesday after a week's visit with Mr. and Mrs. R. P. Rose near Winchester.

Mrs. Carrie Groves and Miss Ora Mae Flannery were in Cincinnati and Lexington from Thursday until Saturday shopping.

Police Judge A. P. Johnson is confined to his room with the flu. Elza Barnett is running his barber shop for him while he is down.

Mrs. Selvia W. Russell and Miss Louise Heiden, of St. Helens, came down Monday to attend the Colleen's entertainment Monday night.

G. G. Hanks, formerly of this county, has sold his property at Little Rock, Bourbon county, and will move shortly to Winchester, where he has position as traveler for Hurst & Fitch.

James Mackey, who has had typhoid fever at the home of his grandfather, Mr. Broadus, on Miller's Creek, has recovered and is now visiting his parents, Mr. and Mrs. O. H. Mackey.

Mrs. Charles Russell returned home this morning, after several days' visit with her mother, Mrs. Bettie Swope, near Mt. Sterling. Her sister, Miss Swope, accompanied her home for a visit.

Walter Johnson, of Clark county, visited his father, Matt Johnson, at Stanton Wednesday, and while there purchased a splendid cow of Bill Cooper for \$86. His father returned home with him today for a few days' stay.

John W. Dawson, a former resident and merchant of Spout Spring, who for the past two years, has resided at Fairfield, Spencer county, has moved back to Winchester. Mr. Dawson will operate the large farm he purchased last fall out from his home in Winchester.

State Aid Money Here

Judge Daniel has received check for \$4,485 from the Department of Public Roads which is a payment of the State's three-fourths cost on the road built in 1918. This will be expended on the roads of the county this year. Other payments will be received from year to year based on what the county spends for roads. The more the county spends each year, the larger the collection from the State.

Fair Price Commission at Work

Prosecution of profiteers in food and clothing has begun throughout Kentucky by the Fair Price Commission acting in conjunction with the U. S. District Attorneys for the Eastern and Western districts of the State. A fair price list has been estimated on the most essential food products and a copy of same will be mailed to anyone on request. On February 5, a warrant was issued for O. E. Brett, president of one of the large department stores of Louisville and his examining trial was set for March 5th, for overcharging 1 1/2 cents a pound on sugar. On February 8th warrants were issued for store keepers in Beaver Dam, Carlisle, Pulaski and Boston for selling food products by short weight. These were stores in the eastern and western coal fields, operated by coal companies found to be overcharging their miners and other customers. On Feb. 11 a warrant was issued for John O. Lewis, president of another large department store in Louisville, for overcharging \$1.00 per yard for dress goods. The Commission has sought the co-operation of every County Attorney in Kentucky and a great number have now responded and are investigating local conditions in their counties. It is now bringing persuasive measures to bear on shoe dealers whose prices are dropping; has standardized bread at a full 16 ounce for a pound loaf with a maximum price of 8 cents, and is taking up the milk situation and other matters from which results are expected. Where profits are found to be justified the Commission will not interfere, but it will prosecute all overcharge if Kentucky citizens will make complaint and stand in readiness to swear out warrants for those who are overcharging them.

Feed Situation Good

While thousands of barrels of corn was washed away last fall and damaged, and fodder likewise destroyed, there is plenty of feed to take its place being shipped in. This is so different to what it was last year when you could hardly get a bag of ship-stuff or other feed imported. If we have not got feed in our own confines, it is indeed good that we can buy it. But this experience should teach our river farmers the lesson to make sure of saving their bottom land crops by pressing the season or hauling to high ground their corn still in the shock.

Profit Fixed on Clothing

The profit that may be charged on clothing by retail dealers has been fixed by the Fair Price Commission at 50 cents on the dollar. Shoes the same. Thus the dealer who sells ten pairs of shoes per day that cost him six dollars per pair, and ten suits that cost him \$20.00 each he will make \$100.00 per day. A pretty fair living, even in these days of H. O. L.

Ford

THE UNIVERSAL CAR

Out of the more than 3,000,000 Ford cars now in use, about
sixty per cent have been sold to farmers. Probably no other one
thing has brought to the farm so much of comfort and profit as has
the Ford car. It has enlarged the social life, doubled the facilities for
marketing, brought the town next door to the farm, multiplied for
the farmer the pleasures of living, and by the same token the Ford
Touring Car has brought just as much pleasure to the residents of the
towns and cities, because it is an every day in the year utility,
answering the demand of quick transportation at low expense. A
family car without an equal in low cost of operation and maintenance.
We solicit your order for one. We have the full line of Ford cars.
We carry the genuine Ford Parts, and assure you the best in
mechanical service and the most reasonable prices.
